

**Amendment Eleven
Contract Number 102889 O4**

Service Contract

**Between
The State of Nebraska Department of Health and Human Services
And
UnitedHealthcare of the Midlands, Inc.**

THIS AMENDMENT is entered into by and between the State of Nebraska Department of Health and Human Services (“DHHS”) and UnitedHealthcare of the Midlands (“UHC”).

WHEREAS, the DHHS has a contract with UHC identified as 102889 O4 for use by state agencies and other entities.

WHEREAS, the terms of the contract specifically state that the contract may be amended when mutually agreeable to UHC and DHHS.

WHEREAS, This Amendment and any attachments hereto will become part of the Contract. Except as set forth in this Amendment, the Contract is unaffected and shall continue in full force and effect in accordance with its terms. If there is conflict between this Amendment and the Contract or any earlier amendment, the terms of this Amendment will prevail.

NOW, THEREFORE, it is agreed by the parties to amend the contract as follows:

I. Additions: The Parties hereto agree to add the following sections:

A. ACRONYM AND INITIALISM LIST

JIY – Justice Involved Youth

B. Section V.A.2.o.

- o.** Youth transitioning from incarceration including youth under 21 years old who are eligible for Medicaid; youth under 19 years old who are eligible for CHIP; and youth and young adults formerly in foster care.

C. Section V.D.7.a.i-viii. - JIY MCO Case Management Staff Training Requirements

- a.** The MCO case management staff competencies must include, and is not limited to, training in the following areas:
 - i.** Trauma-informed care
 - ii.** Person-centered care planning
 - iii.** Cultural competency
 - iv.** Culturally and Linguistically Appropriate Services (CLAS)
 - v.** Basic concepts in Behavioral health and SUD
 - vi.** Caring for people with intellectual and developmental disabilities
 - vii.** Health disparity and social inequities
 - viii.** Unique needs of the justice-involved population

D. Section V.E.36.a-d. – Justice Involved Youth (JIY)

- a. Effective October 19, 2025, Justice Involved Youth (JIY), through the Medicaid program, will begin receiving both pre- and post-release services to support incarcerated youth transition into the community. In the 30 days prior to release (or not later than one week, or as soon as practicable, after release from the public institution), and in coordination with the public institution, the state must provide any screenings and diagnostic services which meet reasonable standards of medical and dental practice, as determined by the state, or as otherwise indicated as medically necessary, in accordance with the Early and Periodic Screening, Diagnostic, and Treatment (EPSDT) requirements, including a behavioral health screening or diagnostic service.
- b. In the 30 days prior to release and for at least 30 days following release, the MCO must provide targeted case management services, including referrals to appropriate care and services available in the geographic region of the home or residence of the eligible juvenile, where feasible, under the Medicaid state plan (or waiver of such plan).
- c. The MCO shall be responsible for coverage of both pre- and post-release JIY services as described above. JIY under this program will either have suspended Medicaid coverage upon their entrance into a carceral facility, or they will be found Medicaid eligible before their release. In either case, these JIY will be able to access targeted case management, screening and diagnostic services as stated.
- d. For the purposes of MCO coverage assignment, Medicaid will utilize a similar algorithm that it currently utilizes to assign Medicaid-eligible members to an MCO. MLTC will notify the MCO regarding JIY who are newly Medicaid eligible that the MCO will be responsible for providing applicable coverage, including for which period the coverage applies. MLTC will establish and provide the MCO with a finite list of service codes which will be eligible for the pre- and post-release service set payment.

E. Section V.L.14.a-e. - Care and Case Management for Medicaid-eligible Individuals Transitioning from Public Institutions and Re-entering the Community

- a. The CAA (Consolidated Appropriations Act, 2023) requires pre-release case management within thirty (30) calendar days of the date on which the juvenile is scheduled to be released from a public institution. MCO case and case management functions must include, and are not limited to the following based on the availability of medical records:
 - i. Attempt contact with the individual and/or legal guardian within two (2) business days of being notified of the individual's assignment to the MCO.
 - ii. Establish contact with the individual and foster a relationship characterized by respect, dignity, and trust.
 - iii. Assess the individual comprehensively, by acquiring and synthesizing information from various sources which may include information available from the discharging Public Institution, medical records, IEP, interviews with the individual or legal guardian, and state agencies, regarding their needs.
 - iv. The comprehensive assessment must include and is not limited to:
 - a) Current and past history on medical, vision, hearing, maternal health, behavioral health, dental health, intellectual / developmental disabilities, substance use disorder, HIV/AIDS, and other healthcare needs.
 - b) Clinical consultations with specialists.
 - c) Medication(s).
 - d) Behavioral health assessments i.e., age-appropriate Child and Adolescent Needs and Strengths (CANS) Assessment; and Adolescent-to-Adult transition assessment.
 - e) Foster care status.

- f) Preventive health screenings, HEALTH CHECK examination(s), and immunizations.
 - g) Screenings as appropriate for depression, anxiety, suicide risk and SUD/AUD/ODD risks.
 - h) Lab work for common health conditions e.g., blood pressure, diabetes, mental health conditions, Hepatitis C, and HIV. Also review lab work.
 - i) Diagnostic testing and services.
 - j) DME.
 - k) Need for family planning services and supplies for both men and women.
 - l) Need for therapy post release e.g., physical therapy, occupational therapy, psychotherapy.
 - m) Need for MAT and accompanying counseling post-release.
 - n) Health-related social needs (HRSN).
 - o) Family and community supports.
- v. Develop an individualized person-centered care plan, based on the assessment(s), to address and meet the individual's needs, engaging the individual and their authorized supports in the decision-making process.
 - vi. Facilitate access to meet the individual's HRSN needs such as nutritious food, affordable and accessible housing, convenient and efficient transportation, safe neighborhoods, strong social and familial connections, quality education, opportunities for meaningful employment or skill building.
 - vii. Offer information to the individual in an easy to understand and actionable person-centered care plan.
 - viii. Provide education to the individual on Medicaid benefits and value-added services.
 - ix. Obtain the individual's contact information for use post-release.
 - x. Assist the individual with referrals and applications for Waiver or LTSS services as applicable.
 - xi. Assist the individual with establishing a medical home, behavioral health care, and a dental home as needed.
 - xii. Assist the individual with obtaining pertinent medical documentation and consents.
 - xiii. Assist with identification of and making the linkages, referrals, scheduling, and coordination of appointments needed with post-release community-based providers.
 - xiv. Coordinate the closure of age-appropriate preventive health care gaps based on USPSTF and EPSDT recommendations.
 - xv. MCO will be responsible for ensuring members are referred to applicable providers for on-going medication management post-release. At minimum, a 30-day supply of medication(s) as clinically appropriate post-release. If the discharging public institution does not provide the patient with a 30-day supply of medication as clinically appropriate post release, the MCO must do so.
 - xvi. Promote access to MAT and medication adherence.
 - xvii. Provide access to peer support services as described in the NE Medicaid Service Definition.
 - xviii. Identify and mitigate barriers to care, including HRSN.
 - xix. Facilitate a warm hand-off to post-release Care & Case manager(s) if different, that includes a meeting between the individual and both pre-release and post-release Care & Case managers, to ensure timely access to services and seamless transition of the patient-centered care plan implementation.
 - xx. Monitor ongoing implementation of the patient-centered care plan to ensure continuity of care and services as frequently as necessary.

- xxi. Participate in multidisciplinary patient care team meetings as needed.
 - xxii. Facilitate appropriate communication and exchange of information between the individual's Public Institution, community-based providers, school and DHHS divisions as needed.
 - xxiii. Ensure follow-up on receipt of services post-release.
 - xxiv. Conduct periodic assessment of the individual's needs to ensure ongoing monitoring of the patient-centered care plan and achievement of goals.
 - xxv. Update the patient-centered care plan, as necessary and implement the actions needed to meet the individual's needs.
- b. MCOs must provide screening and diagnostic services in the thirty (30) calendar days prior to release (or within one week or as soon as practicable post-release) and offer targeted case management thirty (30) calendar days prior to release and for at least thirty (30) calendar days post-release.
 - c. MCOs can use in-person, telephonic, or telehealth modalities to provide case management, screening, and diagnostic services.
 - d. In the thirty (30) days prior to release (or not later than one week, or as soon as practicable after release from the public institution), and in coordination with the public institution, MCOs must provide any screenings and diagnostic services which meet reasonable standards of medical and dental practice, as determined by the state, or as otherwise indicated as medically necessary, and for youth under the age of 21, in accordance with the Early and Periodic Screening, Diagnostic, and Treatment (EPSDT) requirements, including a behavioral health screening or diagnostic service.
 - e. In the 30 days prior to release and for at least 30 days following release, MCOs must provide no less than six (6) hours of targeted case management services, including referrals to appropriate care and case management services, including referrals to appropriate care and services available in the geographic region of the home or residence of the eligible youth, where feasible, under the Medicaid state plan (or waiver of such plan.)

F. Section V.N.18.iii.a) – Informal Reconsideration

- a) As part of the MCO appeal procedures, the MCO must include an Informal Reconsideration process that allows the members a reasonable opportunity to present evidence, and allegations of fact or law, in person as well as in writing.

G. Section V.P.17.a-c – MCO Reimbursement for JIY Services

- a. The MCO will provide claim payment to the service provider for the defined covered services within each pre and post release category and will use the Nebraska Medicaid fee schedule as the basis for establishing an allowable payment rate. Providers must be enrolled in Nebraska Medicaid and contracted with the MCO.
- b. The MCO can invoice MLTC for all pre-release JIY services, and targeted case management for post release services for Medicaid eligible beneficiaries. Screening and diagnostic services paid for by the MCO for Medicaid eligible JIY are not invoiced separately and are included in at risk capitation.
- c. The MCO will invoice MLTC on a quarterly basis for eligible claims reimbursed on behalf of JIY member. At this time, the JIY limited benefit, with the exception of post release screening and diagnostics, will be excluded from capitation rates. The MCO will utilize the file layout provided by MLTC for payment invoicing. All invoices for reimbursement under this section must be submitted no later than 12 months from the date of service and include details sufficient to support Medicaid allowability.

H. Section V.P.18.**18. Certified Community Behavioral Health Clinic (CCBHC) Specific Risk Corridor**

MLTC has established a Certified Community Behavioral Health Clinic (CCBHC) Risk Corridor beginning for CY26, which reflects the first year in which the CCBHC program is implemented. The purpose of this corridor is to provide upside and downside protection to the MCOs, and MLTC should the experience in the contract period be significantly different than the amounts projected within the Heritage Health capitation rates. Projected CCBHC PMPM targets will be developed for each rating cohort, region, and MCO prior to the start of the contract period. The CCBHC PMPM targets will reflect the proportion of the Heritage Health capitation rates that are attributed to PPS-reimbursed CCBHC services and will exclude the non-benefit loading portion of the rates. Upon completion of the contract period, the following will occur with claims data and/or supplemental MCO reporting, with at least 4 months of runout beyond the contract period:

- a. Each MCO's member months for the contract period will be identified and multiplied by the CCBHC PMPM targets noted above, to arrive at a state-wide CCBHC total expenditure MCO target for the contract period.
- b. Actual claims-based utilization of Prospective Payment System (PPS)-reimbursed CCBHC visits and associated costs will be identified for each MCO for the contract period, which will result in a calculation of actual experience.
- c. Separate for each MCO, the actual experience in #2 will be compared to the MCO target in #1. The differences between the actual and target amounts will be compared to the risk corridor bands, and a calculation will be conducted to determine any applicable dollar transfer necessary under this risk corridor.

This risk corridor applies to all Heritage Health members, except for the HIPP cohorts. The results of the CCBHC risk corridor reconciliation will be incorporated into the program-wide risk corridor and MLR calculation.

I. Section V.Q.24 Member Reimbursement by Providers

24. MCOs must reimburse a provider for appropriate covered services and that provider must reimburse a member for any payments made by the member. [NAC 2-003.10]

II. Modifications: The Parties hereto agree to modify the following sections:

A. All references in this contract to the term "behavioral health" are hereby replaced with the term "mental health and substance abuse disorder".

B. Attachment 13 – Reporting Requirements**C. Section V.I.6.a.iv.**

iv. Provide a Nebraska specific quarterly newsletter that includes articles covering topics of interest for all provider types. The newsletter must be posted on the MCO's website.

D. Section V.P.14**14. High-Cost Drug Pool Risk Corridor**

MLTC has established a High-Cost Drug Pool Risk Corridor. The purpose of this pool is to develop a mechanism that will retrospectively re-allocate funding between MCOs and MLTC should there be a disproportionate share and volume of high-cost drug experience for any MCO(s). This mechanism is in effect for all populations, except for dual-eligible, HIPP members, and expansion members, effective starting CY24.

E. Section V.P.16. – HIPP Specific Risk Corridor**16. HIPP Specific Risk Corridor**

This risk corridor will be an MLR-based risk corridor applicable only to the HIPP population. This corridor is developed such that the target MLR will be calculated as one hundred percent (100%) minus the rating administrative load (exclusive of margin for profit/risk/contingency.) Since the HIPP population comprises multiple different rating cohorts with differing NML amounts built into the capitation rates, a blended MLR target will be determined. Based on each MCO's enrollment distribution between the applicable HIPP cohorts, an aggregate MLR target will be determined for each MCO. Once the aggregate MLR target is determined based on actual enrollment experience, the risk corridor recoupments/payouts will be calculated based on an adjustment revenue.

The numerator for the MLR calculation for the HIPP risk corridor will consist of medical expenditures only and will not include additional expenditures related to HIPP premiums. The denominator will exclude revenue taxes, non-operating income, and any forfeited hold-back recoupments under the HIPP-specific risk corridor will be incorporated into the MCO revenue prior to the calculation of the program-wide risk corridor and MLR.

III. Deletions: The Parties hereto agree to delete the following sections:**A. Section V.P.15.****15. Expansion Adult - MLR-Based Risk Corridor**

MLTC may implement an Expansion Adult specific risk corridor. This risk corridor will be an MLR-based risk corridor applicable only to the Expansion Adult population, including any HIPP HHA enrollees, such that the target MLR will be calculated as one hundred percent (100%) minus the rating administrative load (exclusive of margin for profit/risk/contingency). Specifically, this would result in a target of one hundred percent (100%) - ten and one quarter of one percent (10.25%), or eighty-nine and three quarters of one percent (89.75%). The risk corridor recoupments/payouts will be calculated based on an adjustment to revenue, similar to the method used for the current Heritage Health MLR calculations. This means the calculation will be conducted in a way that the Medical PMPM experience relative to the adjusted revenue (after risk corridor payments/recoupments) will be no more than ninety-one and three quarters of one percent (91.75%), and no less than eighty-seven and three quarters of one percent (87.75%).

The numerator for the MLR calculation for the HHA risk corridor will consist of medical expenditures only and will not include the additional expenditures allowable within the federal MLR guidelines (such as Quality Improvement expenditures). Any payouts or recoupments under the HHA-specific risk corridor will be incorporated into the MCO revenue prior to the calculation of the program-wide risk corridor and MLR.

B. Section V.Q.20.g.

- g. The MCO must provide a MAC file to the MLTC PDL contractor a minimum of quarterly. The file format will be defined by MLTC before the Contract Start Date.

Electronic Record and Signature Disclosure

CONSUMER DISCLOSURE

From time to time, Nebraska Department of Health & Human Services (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign, Inc. (DocuSign) electronic signing system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to these terms and conditions, please confirm your agreement by clicking the 'I agree' button at the bottom of this document.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after signing session and, if you elect to create a DocuSign signer account, you may access them for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a \$0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. To indicate to us that you are changing your mind, you must withdraw your consent using the DocuSign 'Withdraw Consent' form on the signing page of a DocuSign envelope instead of signing it. This will indicate to us that you have withdrawn your consent to receive required notices and disclosures electronically from us and you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

How to contact Nebraska Department of Health & Human Services:

You may contact us to let us know of your changes as to how we may contact you electronically, to request paper copies of certain information from us, and to withdraw your prior consent to receive notices and disclosures electronically as follows:

To contact us by email send messages to: john.canfield@nebraska.gov

To advise Nebraska Department of Health & Human Services of your new e-mail address

To let us know of a change in your e-mail address where we should send notices and disclosures electronically to you, you must send an email message to us at john.canfield@nebraska.gov and in the body of such request you must state: your previous e-mail address, your new e-mail address. We do not require any other information from you to change your email address..

In addition, you must notify DocuSign, Inc. to arrange for your new email address to be reflected in your DocuSign account by following the process for changing e-mail in the DocuSign system.

To request paper copies from Nebraska Department of Health & Human Services

To request delivery from us of paper copies of the notices and disclosures previously provided by us to you electronically, you must send us an e-mail to john.canfield@nebraska.gov and in the body of such request you must state your e-mail address, full name, US Postal address, and telephone number. We will bill you for any fees at that time, if any.

To withdraw your consent with Nebraska Department of Health & Human Services

To inform us that you no longer want to receive future notices and disclosures in electronic format you may:

- i. decline to sign a document from within your DocuSign session, and on the subsequent page, select the check-box indicating you wish to withdraw your consent, or you may;
- ii. send us an e-mail to john.canfield@nebraska.gov and in the body of such request you must state your e-mail, full name, US Postal Address, and telephone number. We do not need any other information from you to withdraw consent.. The consequences of your withdrawing consent for online documents will be that transactions may take a longer time to process..

** These minimum requirements are subject to change. If these requirements change, you will be asked to re-accept the disclosure. Pre-release (e.g. beta) versions of operating systems and browsers are not supported.

Acknowledging your access and consent to receive materials electronically

To confirm to us that you can access this information electronically, which will be similar to other electronic notices and disclosures that we will provide to you, please verify that you were able to read this electronic disclosure and that you also were able to print on paper or electronically save this page for your future reference and access or that you were able to e-mail this disclosure and consent to an address where you will be able to print on paper or save it for your future reference and access. Further, if you consent to receiving notices and disclosures exclusively in electronic format on the terms and conditions described above, please let us know by clicking the 'I agree' button below.

By checking the 'I agree' box, I confirm that:

- I can access and read this Electronic CONSENT TO ELECTRONIC RECEIPT OF ELECTRONIC CONSUMER DISCLOSURES document; and
- I can print on paper the disclosure or save or send the disclosure to a place where I can print it, for future reference and access; and
- Until or unless I notify Nebraska Department of Health & Human Services as described above, I consent to receive from exclusively through electronic means all notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to me by Nebraska Department of Health & Human Services during the course of my relationship with you.
