

Applied Measurement Professionals, Inc.

AMENDMENT

THIS AMENDMENT, dated this 26th day of October 2010, shall be effective immediately, and is between Applied Measurement Professionals, Inc. (AMP) and the Nebraska Real Estate Commission (Commission). This Amendment modifies the Agreement between the Commission and AMP with the effective term July 1, 2007 through June 30, 2009 and subsequently extended through June 30, 2013, as more specifically described below:

I. MODIFICATION OF SERVICES

A. Broker Examination

The Broker examination will be modified to include nine scored simulation problems and one pretest simulation problem administered in a two-hour time period, along with the current 75-item multiple-choice examination administered in a 90-minute time period with a 10-minute break between the two portions. The new composition of examination forms will be implemented March 30, 2011.

There is no change in fee based on this modification, and therefore, the Commission will continue to pay AMP the fee of \$79 per Broker candidate scheduled and \$69 per Salesperson candidate scheduled during the remainder of the term ending June 30, 2011. Fees will continue to be invoiced on a monthly basis.

II. SIGNATURES

All other terms, fees and conditions of the contract between AMP and the Commission effective July 1, 2007 through June 30, 2009 and subsequently extended through June 30, 2011, remain in effect and are unchanged by this Amendment. By their signature below, officials of the Commission and AMP indicate their acceptance of the terms outlined in this Amendment and reaffirm the other terms specified in the aforementioned Agreement.
